safer tomorrow”**

PRODUCT BROCHURE

**“Ultimate  
solution for  
uncompromising  
sanitization”**

Q7 has proudly finished over 30 years in the market. All these years have been a milestone in the pages of our history. We have never failed in providing our customers with world class products and services. We are one of the renowned manufacturers in the category of products we manufacture. We make use of standard ingredients in making of our range, which ensures reliability and quality.

In order to help keep people healthy, Q7 wants to protect families as part of their every-day lives in their home. This is our mission for health. Our first important job was first aid, preventing cuts and bruises from infection. Since then, our mission has been extended to preventing the spread of illness causing germs on hands, bodies, and surfaces.

We now offer many Q7 products such as our new range of advanced and instant hand sanitizers, all designed to protect you and your family from germs & illness.

As our world is facing an unprecedented threat from an infectious virus, sanitization is our key defense against it. Q7 hand sanitizers are world class hygiene products that kill 99.9% of most common germs that spread the disease. It follows a formulation certified by WHO and is surely your primary weapon to stay safe on the go. This alcohol-based hand sanitizer works in as little as 15 seconds, with no water or towels needed. Provides expert germ kill while soothing hands and maintaining skin health. Q7 Advanced is enhanced with four different skin conditioning agents that help maintain skin health skin moisture and improves overall skin feel.

## **Advanced+ Hand Sanitizers**

Q7 also provides advanced+ hand sanitizers for some extra protection. These sanitizers are legit pharma grade made by following the certified formulation from World Health Organization. They are available in gel and liquid forms to suit your convenience. This sanitizer provides advanced protection from germs and acts in as little as fifteen seconds to guard your hands from deadly germs and viruses. This is also an ethyl alcohol based product which is highly efficient in deep cleansing, purifying and protecting your hands. The highlight of the product is that it disinfects your hand without water or towels and for the same reason it is very easy to use.
